CONFORMATION

Singer P is a new heterozygously polled bull, which like Ravi was purchased in Charmoy, France. Singer impressed us especially with his great morphology and especially with his big body frame. Singer has absolutely excellent limbs and locomotion.

Singer's sire is Nobel PP, who is currently one of the most used polled bulls in France, the dam's sire is an excellent Bariton. The dam, MM and MMM are qualified with the highest qualification RR4S. Singer does not carry the gene for double muscling and progressive ataxia.

EXTERIOR EVALUATION										
Frame			Body capacity			Muscularity			Breeding type	Total
VT	DT	HM	PŠ	HH	DZ	PL	HŘ	ZÁ		
10	9	10	7	9	7	7	7	7	8	81

acronyms: VT - height, DT - length, HM - weight, PŠ - chest width, HH - chest depth, DZ - pelvis length, PL - shoulder, HŘ - top line, ZÁ - Thigs

**3 GENERATION OF RR4S COWS
GREAT FEET AND LEG**
