GROWTH

CALVES 74 HERDS 33

Heterozygously polled Kaboom was purchased in Ireland. He was clearly the most muscular bull we had the opportunity to see. The sire is Sneumgaard Emperor PP, who excels in easy births and excellent calf growth. Mother's father is one of the most popular bull in Ireland – Hilcrest Champion. Kaboom therefore appears to be a complete sire whose muscularity and width parameters are exceptional in all body parts. He will also be suitable for producing daughters, we expect excellent milk production with a well shaped pelvis.

CONFORMATION

EXTERIOR EVALUATION

Frame			Body capacity			Muscularity			Breeding type	Total
VT	DT	HM	PŠ	HH	DZ	PL	HŘ	ZÁ		
9	8	10	7	8	8	7	8	8	8	81

acronyms: VT - height , DT - length, HM - weight, PŠ - chest width, HH - chest depth, DZ - pelvis length, PL - shoulder, HŘ - top line, ZÁ - Thigs
